

Team Involvement in Demonstration

Date	5 July 2026
Team ID	
Project Name	AI Powered Debt Relief & Financial Recovery Platform
Maximum Marks	1 Mark

Team Involvement in Demonstration:

This document records the active participation and roles of each team member during the project demonstration. It ensures that every member contributes meaningfully to the presentation and that responsibilities are distributed fairly and clearly.

S.No	Team Member Name	Role in Demo	Section Presented	Contribution Summary	Participation (Active / Passive)
1	Kureti Sai Meghana	Team Lead / Coordinator	Project Overview, GitHub & Deployment, Conclusion	Coordinated the team; backend error handling, performance optimization, GitHub setup, deployment config, project wrap-up	Active
2	Ananya Lakshmi Tanneru	Setup & Documentation Lead	ER Diagram, Pre-requisites, Project Workflow, Python Setup	Designed the ER diagram, documented prerequisites & workflow, set up Python backend environment	Active
3	Ch Nikhil Kumar	Backend Developer	Frontend Setup, Project Structure, FastAPI Backend, Financial Engine, Settlement Prediction	Built project structure, FastAPI backend, financial engine module, settlement prediction system	Active
4	Rehan Shaik	AI & Database Developer	AI Negotiation Engine, Fallback Logic, API Dev, Loan & Settlement Processing, Data Handling	Implemented AI negotiation engine, fallback logic, database/API layer for loans & settlements	Active
5	Rukhya Muskan Shaik	Frontend Developer	UI Development, Frontend-API Integration, Data Visualization, UI Enhancements, System Testing	Built the UI, connected frontend to FastAPI, added visualizations, conducted testing	Active

Team Coordination Notes:

Aspect	Details
Team Leader / Coordinator	Kureti Sai Meghana
Overall Team Coordination Rating (1-5)	4 / 5
Any issues during demo	A brief network connectivity delay while loading the live Vercel/Render deployment during the demo
How issues were resolved	Switched to the local development server momentarily to continue the walkthrough while the live link reconnected
